Mill River Union High School

A long story short...

Vermont Teacher of the Year

Mrs. McCalla has spent nearly twenty years at MRU as a librarian and technology integration specialist. She enjoys finding just the right book for every student, as well as getting kids passionate about STEAM – Science, Technology, Engineering, Art and Math in the library Makerspace. Her focus on technology provides students with opportunities to explore forms of learning that do not appear in traditional schooling. As Vermont's Teacher of the Year, Mrs. McCalla will be the state's delegate to the national Teacher of the Year program, allowing her to compete for the nationwide Teacher of the Year award.

Retirements

Dr. Hasenohr came to Mill River after a career as a university geology professor. Dr. H. is a leader in the field of physics education, serving on numerous local, regional and national boards. He has been an advocate for staff as the teachers' union president and contract negotiator. Dr. H. was instrumental in providing MRU students with the opportunity to participate in robotics. He has been committed to maintaining high standards in education. His retirement will likely include more traveling, hiking, drumming, and live music events.

Mrs. White has dedicated her time at Mill River to the middle school and special education programs. Mrs. White has been involved in all types of community activities including: Girls on the Run, yoga, book club, and the River Reads program. Her students trust her and are comfortable with her; she has inspired them to be successful. Mrs. White is a well-traveled individual and is always willing to share her stories about her time in India with social studies classes. She is a cherished colleague, mentor, and friend. In her retirement, she is looking forward spending more time doing what she loves: reading, gardening, traveling, and spending time with her grandchildren.

Yearbook Dedication

Mrs. Bride is kind, outgoing, and friendly. She welcomes students with a nice, warm smile when they walk into the building. She's the ears that listen to thousands of stories, and excuses for being late to school! She is a huge supporter of everyone; she is always willing to talk about your concerns, give you candy, or help you out. Mrs. Bride offers sage advice to students, faculty and staff alike. She assists the senior class and is a huge part of graduation planning. She shows her school spirit by wearing holiday sweaters, decorating her desk, and participating in Spirit Week activities. Mrs. Bride has been a part of the Mill River community for over thirty years. We thank her for all her hard work and dedication.

Teacher Appreciation

Mrs. Kennedy is a kind hearted Phys. Ed., health, and study hall teacher. She dedicated thirty-six years of her life to the MRU community, spanning five decades! She helped students with their missing work and kept them on track. Mrs. Kennedy would go out of her way to find books for students and to create a quiet environment for her study halls. When students had nothing to work on, she always had a story to tell whether it be about her family or her cats. She made sure she always had lunch menus and class schedules for students if they needed them. As much as she gave to Mill River, her family has remained her number one priority. Mrs. Kennedy is a beloved teacher, colleague and friend. We wish her well and hope she enjoys her retirement.

The yearbook staff would like to extend our sincerest thanks to Mercedes Rideout, Tracy Spencer, Mary Bride, Brenna Jepson, Peter See, Kim Manieri, Jonathan Taylor, Carolyn Gregory, Jen Severance, Mary Colvin, and all others who willingly offered their assistance. We especially appreciate all the photo contributions. We wouldn't have a yearbook without you!

The yearbook staff has taken precautions to follow the ever-changing Vermont Department of Health COVID-19 guidelines. To the best of our knowledge, photos included in this yearbook wherein students and staff are not wearing masks were taken during times when students and staff were eating or drinking, or were otherwise safely separated. Eventually the mandates were lifted, making it easier to take photos.

We apologize in advance for the inevitable mistakes. The yearbook staff has worked very hard to produce a quality product. We are proud of the yearbook that we have produced.

A collage of 15 photographs showing students and staff participating in various activities. The images include: hands painting a red surface; students at a long table in a room with a 'MILL RIVER UNION' banner; students at an outdoor table; a 'Bake Sale!' sign with 'M. Dennis To Kiro' written on it; a student at a podium in a library; a student in a chicken costume; students at a table with food; students at a table with a red tablecloth; students at a table with food; a group of eight students standing outdoors; students at a table with food; a student at a table with food; a student at a table with food; a student at a table with food; and a student at a table with food.

CONGRATULATIONS!

Son,

Throughout the years I have watched you grow from a little boy learning to crawl, walk, talk and ride a bike to a young man learning to drive, stand on your own and work. I admire your strength, your perseverance when challenges arise, your heart of gold and your true kindness. My wish for you is that you are bold enough to speak your mind, brave enough to listen to your heart and strong enough to live the life you want. Always lead with love, kindness, honesty and understanding. I am so proud of you!
I love you! Love, Mom
